**Eli Hopson**, Chief Executive Officer, DC Green Bank

# DC Green Bank

April 2021 | DMPED Recovery Meeting

# Vision, Mission, and Values

---

Vision: A Thriving Clean Economy for All DC

Mission: Providing Access to Capital, Growing the Clean Economy to Develop a More Equitable, Resilient, and Sustainable DC

Sustainability

Clean Economy

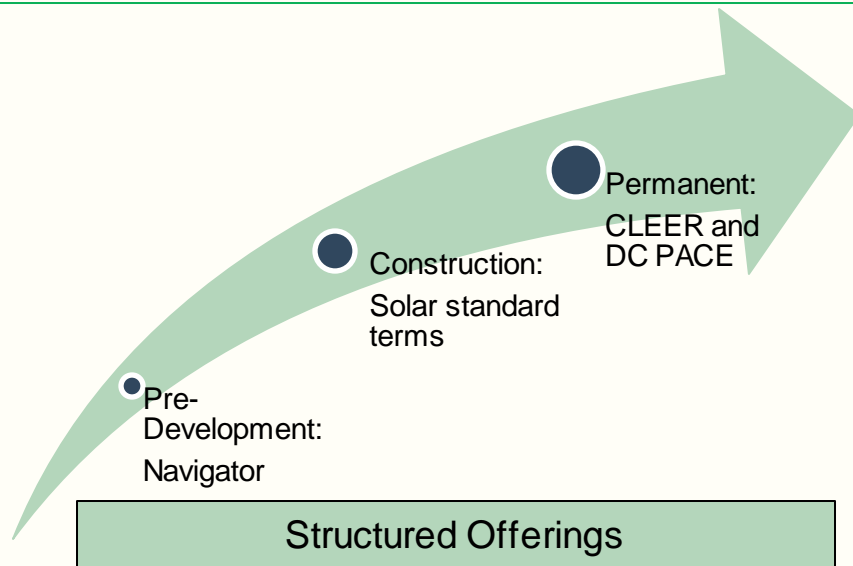

Inclusive Prosperity

# DC Green Bank Focus Areas

# DC Green Bank Products and Audiences

We're With You Each Step of the Way

- Building owners and operators
- Small businesses
- Nonprofit and community organizations

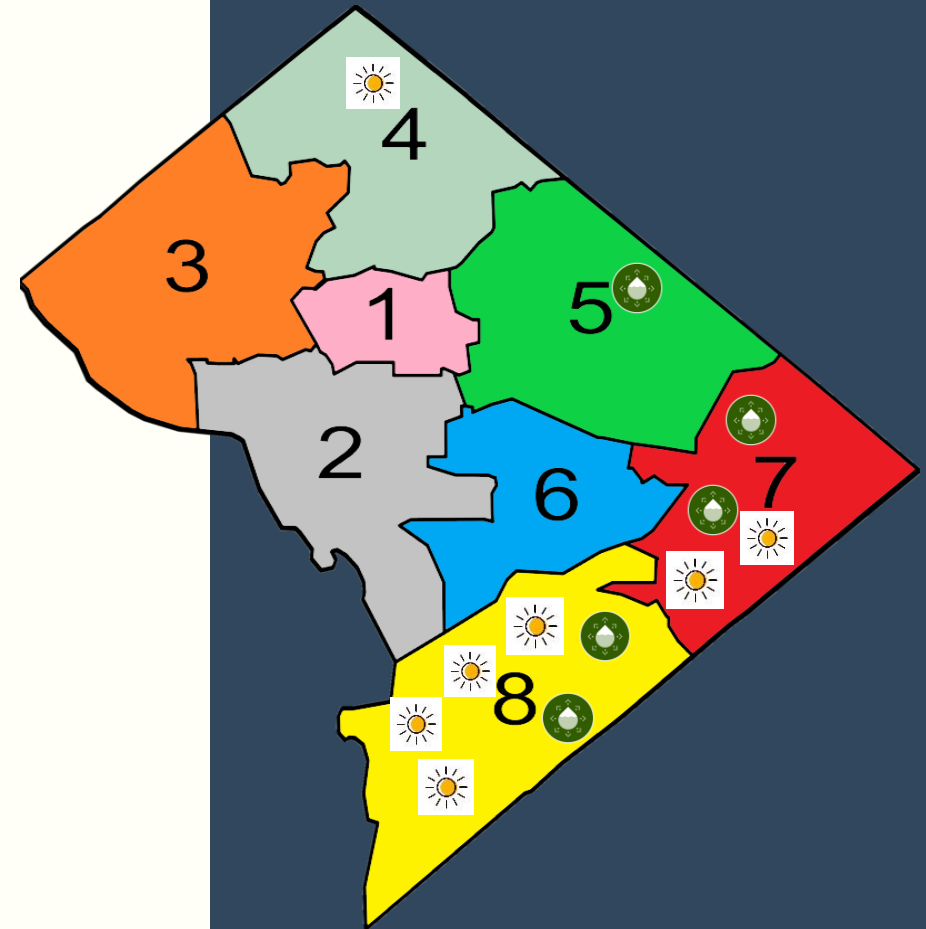

# DC Green Bank Completed and Approved Deals

## Solar Deployment ☀️

- DC Green Bank has now approved over \$3.4 million of construction financing for solar for all installations across Wards 4, 7, and 8 in affordable housing communities
- Once completed, the projects will reduce nearly 2,000 tons of CO2-equivalent yearly, and save residents \$7 million in bills throughout the life of the project
- Jobs created for construction and roof repair

## Stormwater Abatement 🌿

- Ease flooding, control runoff, and lower water bills
- \$800,000 line of credit
- Clean jobs created during the construction and maintenance phases

# Project Pipeline

## DC Green Bank is Ready to Support a Green Recovery

---

By engaging with small and large developers, financing partners, nonprofits, and other partner organizations, the DC Green Bank team has made significant progress to identify deals in line with our mission and our values.

30+

Active leads across our  
priority sectors

1+

Billion dollars of  
potential overall  
financing identified

70+

Million dollars of  
potential DC Green  
Bank financing for  
identified opportunities

**REDUCE ENERGY USE DC**

*Save more than money*

# Reduce Energy Use DC

- ☐ All District residents can take the pledge to reduce their energy use and we provide those that sign up with tips on easy ways to save and lower their energy bill.
- ☐ Last year we engaged over 2,400 District residents that signed the pledge to reduce energy.

**REDUCE ENERGY USE DC**

*Save more than money*

# Energy Saving Tips

**REDUCE ENERGY USE DC**

*Save more than money*

## HELP FIGHT CLIMATE CHANGE! REDUCE ENERGY USE DC!

Easy Energy Saving Tips:

- Unplug chargers and electronics when not in use
- Wash clothes in cold water
- Turn off lights when you leave a room
- Use fans to stay cool
- Use power strips to easily turn off multiple electronics
- Run a full dishwasher instead of handwashing
- Switch to LED lightbulbs

Learn how to use energy more efficiently, take steps to reduce energy use at your home or business, and save money while helping fight climate change.
